APPLICATION END USER LICENSE AGREEMENT

The Software Application subject to the license granted under this Standard EULA is referred to herein as the "Application". Publisher (the "Licensor") reserves all rights in and to the Application not expressly granted to you under this Standard EULA.

Scope of License: This license granted to you for the Application by Licensor is limited to a nontransferable license to use the Application on any Computers that you own or control and as permitted by the Usage Rules set forth above (the "Usage Rules"). This license does not allow you to use the Application on any Computer that you do not own or control, and, except as provided in the Usage Rules, you may not distribute or make the Application available over a network where it could be used by multiple devices at the same time. You may not rent, lease, lend, sell, transfer, redistribute, or sublicense the Application and, if you sell your Computer to a third party, you must remove the Application from the Computer before doing so. You may not copy (except as expressly permitted by this license and the Usage Rules), decompile, reverse-engineer, disassemble, attempt to derive the source code of, modify, or create derivative works of the Application, any updates, or any part thereof (except as and only to the extent that any foregoing restriction is prohibited by applicable law or to the extent as may be permitted by the licensing terms governing use of any open-sourced components included with the Application). Any attempt to do so is a violation of the rights of the Licensor and its licensors. If you breach this restriction, you may be subject to prosecution and damages.

The terms of this license will govern any upgrades provided by Licensor that replace and/or supplement the original Application, unless such upgrade is accompanied by a separate license in which case the terms of that license will govern.

Consent to Use of Data: You agree that Licensor may collect and use technical data and related information—including but not limited to technical information about your device, system and application software, and peripherals—that is gathered periodically to facilitate the provision of software updates, product support, and other services to you (if any) related to the Application. Licensor may use this information, as long as it is in a form that does not personally identify you, to improve its products or to provide services or technologies to you.

Termination. The license is effective until terminated by you or Licensor. Your rights under this license will terminate automatically without notice from the Licensor if you fail to comply with any term(s) of this license. Upon termination of the license, you shall cease all use of the Application and destroy all copies, full or partial, of the Application.

The Application and related documentation are "Commercial Items", as that term is defined at 48 C.F.R. §2.101, consisting of "Commercial Computer Software" and "Commercial Computer Software Documentation", as such terms are used in 48 C.F.R. §12.212 or 48 C.F.R. §227.7202, as applicable. Consistent with 48 C.F.R. §12.212 or 48 C.F.R. §227.7202-1 through 227.7202-4, as applicable, the Commercial Computer Software and Commercial Computer Software Documentation are being licensed to U.S. Government end users (a) only as Commercial Items and (b) with only those rights as are granted to all other end users pursuant to the terms and conditions herein. Unpublished-rights reserved under the copyright laws of the United States.

The laws of the State of California, excluding its conflicts of law rules, govern this license and your use of the Licensed Application. Your use of the Licensed Application may also be subject to other local, state, national, or international laws.
